

7b Coastal permit application for existing boatshed

Please answer all questions fully. The questions provide a guide in order to satisfy the minimum information requirements that must be included with your application as prescribed in Schedule 4 of the Resource Management Act 1991 (RMA). Depending on the scale of your proposed activity, more detailed information and an Assessment of Environmental Effects (AEE) will be required to support the resource consent application.

Officers from the Greater Wellington Regional Council's (GWRC) Environmental Regulation department are available to assist with filling out this form or to clarify information to include with your application. Up to 1 hour of free pre application advice is available to you.

This form is required to be filled out in conjunction with Form 1 Resource Consent Application.

This application form is for replacing an existing consent for boatshed only. A more detailed application and AEE is required if you are planning a new boatshed.

Part A: General information on nature and scale of activity

1. **Description** (please tick items that apply to you):

☐ Boat shed

☐ Jetty

☐ Skids or slipway

2. **Location** (i.e. harbour, bay, inlet, etc):

3. **Boat shed and jetty size:** m² metres X metres
