## Lower Ruamahanga catchment - groundwater takes

Restrictions authorised for 2017-2018 irrigation season by:

Shaun Andrewartha, Team Leader, Environmental Regulation

\* These consents state water restrictions will be applied below 9800 litres/sec. For consistency, water restrictions apply for all consents when the flow in the Ruamahanga River at Waihenga Bridge < 8500 l/sec as directed below.

*Please note that some of the consents listed are required to adhere to restrictions when a direction is given by Greater Wellington Regional Council. The restrictions shown above show the directions currently in place for the 2017/18 irrigation season*

Note: Please check our website <http://graphs.gw.govt.nz/?siteName=Ruamahanga%20River%20at%20Waihenga%20Bridge&dataSource=Flow> to find out current flow levels in the Ruamahanga River at Waihenga Bridge
