

# Option A

# Option B

## Whitby and Aotea

### Current

Whitby is serviced by Route 65 from Porirua to the Crows Nest via Papakowhai and Route 67 from Porirua to Navigation Drive. In addition Route 66 runs from Navigation Drive to Paremata Station during peak periods only.

### Option A

Route 65 would run through Aotea instead of Papakowhai to The Crowsnest. Route 67 would be retained but every second bus would go to Paremata Station instead of Porirua, providing a full day service on Route 66. In the evenings and weekends people travelling from Porirua to Navigation Drive would need to transfer from Route 65 to Route 66 at Spinnaker Drive.

### Option B

Route 65 would run through Aotea instead of Papakowhai to the bottom of Ayton Drive. There would be no service up Ayton Drive to The Crowsnest. Route 67 would be changed to go through the new section of Navigation Drive and James Cook Drive instead of Samwell Drive and every second bus would go to Paremata Station instead of Porirua, providing a full day service on Route 66. In the evenings and weekends Route 65 and 67 would be combined to operate as one route.
