Report to the Regional Land Transport Committee  
By Tony Brennand, Manager Transport Policy

### **Transit New Zealand - Transmission Gully Motorway Update**

#### **1. Purpose**

To provide for the Committee a report by Transit New Zealand updating progress on Transmission Gully.

#### **2. Background**

Transit New Zealand are progressing a number of key activities to facilitate the early construction of the Transmission Gully Motorway which is one of several components making up the Western Corridor Plan of the Regional Land Transport Strategy.

#### **3. Comment**

A report prepared by the Wellington Regional office of Transit New Zealand details activities required for the early construction of Transmission Gully. These activities include land acquisition, obtaining resource consents, funding requirements, dealing with designation appeals, early planting and cost refinement.

It is noted that a number of these activities are reliant on funding being released by Transfund New Zealand before significant progress can be made. This funding has yet to be made available.

#### **4. Communication**

There are no relevant matters to communicate.

**5. Recommendation**

*That this and the attached report be received for information.*
