Tena koe, Jason

Ka nui te mihi kia koe. Kia ora tou tautoko ki a tatou. Whakawhetae kia koe.

Hurunuiorangi Marae Iwi Project

Thank you for your report of 2 August 2001 and of course you and your colleagues devotion to supporting our Marae and what will benefit our people now and in the future. We know that the many, many families through out the country that whakapapa to Hurunuiorangi Marae will admire and be so grateful to being sheltered by the 'good works' of you all as they lay their dearly loved ones in their final resting place.

Some of us and even our tamariki would cherish the moment to feel of the soil and 'hold to' the care of our 'environmental heritage"- native plants as they assist your team with the plantings. Would you let us know when in fact Graham Bensemann and others will be at the site of the Urupa, Tukoko and Amahua

We look forward to meeting up again and with our others who are unable to be with us in this initial planting but as you suggested in two months time at a progress report meeting. Thank you so very very much.

Kati mo i tenei ra.

Naku noa, na
