## **Divisional Manager's Report**

### **1. Purpose**

To inform the Committee about the activities and progress of the Landcare Division since the Committee's last meeting.

### **2. Significance of the decision**

The matters for decision in this report do not trigger the significance policy of the Council or otherwise trigger section 76(3)(b) of the Local Government Act 2002.

### **3. Managers' reports**

The Departmental Managers reports are attached.

### **4. Comment**

The Flood Protection department is making good progress with this years works programme. We have a lot on, but most jobs seem to be coming together well. The generally fine and settled weather is a big help to both Jeff Evans and Garry Baker in progressing the remaining flood repairs, and the maintenance programme in general.

In the Regional Parks & Forests, most of what we work hard to do all year happens over the next couple of months. While others are relaxing over Christmas, most of our staff are working long hours to make sure that the public can enjoy their summer in a pleasant and safe way.

On a final note, although it may sound premature, Landcare would like to take the opportunity to wish the Committee all the best for the festive season, and look forward to working with you again in the new year.
