

Report 08.865

Date 11 November 2008 File CFO/13/02/01

Committee Finance, Evaluation and Risk Author Chris Gray, Finance Manager

Financial Report for the four months ending 31 October 2008

1. Purpose

To review the financial performance of the Council for the period ending 31 October 2008.

2. Significance of the decision

The matters for decision in this report do not trigger the significance policy of the Council or otherwise trigger section 76(3)(b) of the Local Government Act 2002.

3. Background

Financial statements are prepared and presented to management for review each month. A detailed report is given to Council each quarter. In the intervening months, reports to Council are done by exception.

4. Financial Performance

4.1 Year to date Operating Result

The Council's operating surplus for the four months ended 31 October 2008 was \$2,633,000 compared with the budget surplus of \$740,000. This result excludes grants to fund public transport capital expenditure, debt revaluations and forestry cost of goods sold. Including these amounts the Council's deficit was \$4,904,000 (budget \$8,053,000).

Operating revenue, excluding grants for capital expenditure is \$58,154,000 compared with the budget of \$58,898,000.

Year to date operating expenditure is \$55,521,000, \$2,637,000 below budget. The majority of this favourable variance is due to lower oil prices and lower interest rates which are expected to continue for the remainder of the year.

This lower expenditure has resulted in the operating surplus being \$1,904,000 ahead of budget.

5. Forecast to 30 June 2009

Greater Wellington is forecasting an operating deficit of \$1,911,000 unchanged from the previous forecast. These amounts exclude grants and expenditure in respect of Public Transport capital expenditure, revaluations and forestry cost of goods sold calculations. Including these the forecast deficit is \$14,749,000 compared to a budget deficit of \$11,717,000. The increased deficit is due to ONTRACK projects being brought forward from 2009/10.

The deficit largely arises from the accounting treatment for the purchase of the rail rolling stock in Greater Wellington Rail Ltd.

6. Year to date capital expenditure

Capital expenditure for the period was \$2,929,000 below budget by \$853,000. At this stage the main contributor to favourable variance is the delay to the asset management project.

8. Finance Costs

Year to date finance costs are \$1,542,000 compared with the budget of \$1,779,000. The favourable variance is due to the lower external debt position.

9. Debt

Gross external debt at 31 October was \$82.4 million compared with \$73.9 million at 30 June 2008. The \$8.5 million increase is due to capital expenditure of \$3.0 million and working capital requirements for Public Transport which reverse once monies are received from the NZ Transport Agency. Net debt after write downs of \$7.6 million is \$74.8 million.

10. Communication

No communications are necessary.

11. Recommendations

That the Committee recommend to Council that it:

- 1. Receives the report.
- 2. **Notes** the content of the report.
