Decisions on non-notified resource consent applications

1. Purpose

To report on decisions made under delegated authority on non-notified resource consent applications. This report covers the period 14 October 2013 to 22 November 2013.

2. Applications processed

A total of 62 resource consents were received during the period, with 45 being approved in the period. This compares with 37 consents that were approved for the same period last year. No applications were returned as incomplete under Section 88.

The consents approved are summarised in the table below:

	Coastal permit	Discharge permit	Land use consent	Water permit
CDC				6
HCC		2	4	
KCDC		1	7	2
MDC			1	
PCC		2	6	1
SWDC			1	1
UHCC			3	2
WCC		1	4	1
Whole region				
Total		6	26	13

3. Consent trends

The clear trend for this period is with the number of land use consents granted across the region particularly within the KCDC and PCC districts. The number of land use, discharge permits and water permits will more than likely increase over the next few months due to changes required for the Roads of National Significance (RoNs) Mackays to Peka Peka and Transmission Gully projects.

4. Non-notified consents of interest

Nothing to report.
