

Under the Resource Management Act 1991

IN THE MATTER OF an application by NCI Packaging (NZ) Limited (WGN190198) to the Wellington Regional Council to discharge contaminants to air associated with the operation of a steel and aluminium can manufacturing plant, which includes coating processes.

Third Minute of Hearing Commissioners J Iseli and T Nash

1. We have been appointed by the Wellington Regional Council as commissioners under Section 34A of the Act to hear and decide the application lodged by NCI Packaging (NZ) Limited (the Applicant).
2. The hearing of the application was held at the Wellington Regional Council Upper Hutt depot on 4th August 2021.
3. We issued a minute adjourning the hearing and directing that revised proposed conditions be provided. We have received that information and the applicant's written reply.
4. We have now had opportunity to consider the additional information provided. We have determined that we have sufficient information to reach a decision. Accordingly the hearing is closed on Friday 20th August. We intend that our written decision will be issued within 15 working days of that date, by Friday 10th September 2021.
5. The parties should address any questions regarding this process to Anna McLellan at the Regional Council who can be contacted by phone (04 830 4346) or email (Anna.McLellan@gw.govt.nz).

A handwritten signature in black ink, appearing to read "John Iseli". The signature is written in a cursive style with a large, looped initial "J".

John G Iseli
Independent Commissioner (Chair)
On behalf of the Panel

Dated 20th August 2021
