

## Proposed LTP Strategic Framework 2024-2034

Greater Wellington Te Pane Matua Taiao delivers a wide range of activities not limited to looking after regional parks, providing resource consents, helping people move around on buses, ferries and trains, to managing pests, providing emergency and hazard management, and protecting our communities from floods.

This proposed LTP Strategic Framework is a living document and planning tool to support us to plan in an organised, cohesive, and consistent way.

<p><b>Overarching theme</b> <b>2024-34 Long Term Plan</b></p>	<p>Te taiao (the environment) is upheld first through our 2024-34 Long Term Plan. Te taiao is our environment, we are part of te taiao. Establishing this theme supports us to realise rangatiratanga Māori and represents harmonious and constructive relationships between Te Pane Matua Taiao and mana whenua as we work together to restore and uphold the wellbeing of ngā tāngata, papatūānuku and the natural environment.</p>			
<p><b>PART 1: Long-term LTP Strategic Framework</b> WHY: To make intergenerational impacts that improve the environmental, social, cultural, and economic wellbeing of our region</p>	<p><b>Purpose</b></p>	<p>Working together for the greater environmental good</p>		
	<p><b>Vision</b></p>	<p><b>He rohe taurikura – Nui te ora o te taiao, He hapori kotahi, He manawaroa te āpōpō</b> An extraordinary region - thriving environment, connected communities, resilient future</p>		
	<p><b>Community Outcomes</b></p>	<p><b>Nui te ora o te taiao   Thriving environment</b> Healthy fresh and coastal water, clean and safe drinking water, unique landscapes and indigenous biodiversity and sustainable land use and a prosperous low carbon economy</p>		
		<p><b>He hapori kotahi   Connected communities</b> Vibrant and liveable region in which people can move around, safe, sustainable, and effective public transport, inclusive and equitable participation, sustainable rural and urban centres that are connected to each other</p>		
<p><b>He manawaroa te āpōpō   Resilient Future</b> Safe and healthy communities, a strong and thriving low-carbon regional economy, adapting to the effects of climate change and natural hazards, community preparedness and modern and robust infrastructure</p>				
<p><b>PART 2: Cross-Organisation Focus Areas (3-10 years)</b> HOW: Guiding us to focus as an organisation and deliver meaningfully toward our vision</p>	<p><b>Focus Areas</b></p>			
	<p><b>Active mana whenua partnerships and participation for improved outcomes for Māori</b></p>	<p><b>Holistic approaches to deliver improved outcomes for te taiao</b></p>	<p><b>Leading action for climate resilience and emissions reduction</b></p>	<p><b>Improved access to services and equity of outcomes through participation with communities</b></p>
<ul style="list-style-type: none"> <li>Proactive partnerships with mana whenua</li> <li>Giving effect to our Te Tiriti obligations to create conditions for rangatiratanga</li> <li>Mana ōrite mō te Mātauranga Māori – equity of traditional knowledge systems informing our design, decision making, implementation and evaluation</li> <li>Effective engagement with mātāwaka Māori</li> </ul>	<ul style="list-style-type: none"> <li>Deep insights strengthen planning, delivery, measurement, and storytelling</li> <li>Joined-up solutions that maximise investment and deliver shared outcomes</li> <li>Nature-based solutions reduce risk and improve the wellbeing of our people and places</li> </ul>	<ul style="list-style-type: none"> <li>Together with our regional partners we prepare and adapt to the effects of climate change and natural hazards</li> <li>Reducing corporate carbon emissions and building our climate risk preparedness</li> <li>Low-emissions economy, sustainable urban and rural development, and critical behaviour change</li> </ul>	<ul style="list-style-type: none"> <li>Improving access to services (including capacity and demand)</li> <li>Knowledge about our communities so we can deliver more effective and equitable results</li> <li>Communities have accessible information for informed decision-making</li> <li>Participation in a low-emissions economy and climate resilient region</li> </ul>	
<p><b>PART 3: Activity Management Planning</b> A process to determine WHAT we will deliver WHEN we will deliver it and WHO the results will benefit</p>	<p><b>Groups of Activities</b></p>			
	<p><b>Environment and Flood Protection</b></p>	<p><b>Metlink Public Transport</b></p>	<p><b>Regional Strategy and Partnerships</b></p>	<p><b>Water Supply</b></p>
	<ul style="list-style-type: none"> <li>Environmental restoration, recreation and harbour safety</li> <li>Planning and prioritising integrated work at a catchment scale</li> <li>Environmental strategy, policy and protection</li> <li>Environmental knowledge and insights</li> <li>Flood protection and control works</li> </ul>	<ul style="list-style-type: none"> <li>Public transport strategy and planning</li> <li>Public transport service delivery</li> <li>Public transport assets and infrastructure management</li> </ul>	<ul style="list-style-type: none"> <li>Regional spatial planning</li> <li>Regional transport planning and programmes</li> <li>Regional economic development</li> <li>Democratic services</li> <li>Regional partnerships with mana whenua and Māori</li> <li>Emergency management</li> <li>Climate Change</li> </ul>	<ul style="list-style-type: none"> <li>Bulk water supply</li> </ul>
<p>Activity Management Planning is the critical implementation stage of the LTP process. The Activity Management Planning begins with interpreting the LTP Strategic Framework and developing Activity Group specific implementation details including activity-specific priorities, projects and programmes of work, and key result areas.</p>
